

Operate Vehicle Loading Crane

QUEENSLAND

Unit:	RIIHAN307E - Operate a vehicle loading crane
Price:	Price on application
Duration:	See below
Location:	Our venue, or your worksite for groups (please ask for a quote)
Pre-requisites:	Unique Student Identifier.

It is recommended that the student has adequate health and fitness to carry out tasks safely, and adequate literacy and numeracy to complete the Assessment.

This unit covers the operation of a vehicle loading crane in the resources and infrastructure industries. It includes planning and preparing for crane operations, operating and maintaining the crane, carrying out operator maintenance and cleaning up.

Note: If the vehicle loading crane has a lifting capacity of 10 metre tonne or more, you must hold a valid National High Risk Work TLILIC0002 - Licence to operate a vehicle loading crane.

Course Delivery

A learner guide and review questions will be provided to the student prior to course commencement. To fulfil the training requirements for this course, the student must read through this, complete the review questions and bring both with them on the day.

The course consists of face-to-face theory, and practical training.

Training can be completed in one of two ways:

Option 1. Full Course - includes theory and practical training and assessment for up to 3 days depending on experience (if the student can produce sufficient evidence of previous experience the time frame of this course can be reduced to 1 day).

Option 2. After 1 day of formal training the student is put on a logbook to gain 40 hours of practical work experience. When the Student is ready, they may then undertake their 1 day of assessment.

Assessment is conducted through a combination of practical demonstration and verbal or written questioning.

Dickens Assessment and Training Services (DATS) is a privately owned Registered Training Organisation (RTO), providing quality training and assessments for individual students, industry and the vocational education and training (VET) sector. DATS was established in 2007.

We specialise in onsite and site-specific training and assessments and cover Verification of Competency in all courses offered. Our services cover all areas of Queensland and NSW. DATS also has training facilities at Pinkenba (QLD), Willawong (QLD), Coffs Harbour (NSW) and Macquarie Park (Sydney, NSW). DATS has access to plant & equipment to support the training programs.

The successful completion of one of our accredited training courses will provide your staff with a nationally recognised statement that has equal worth in all states and territories (individual licensing authorities set different requirements for their own states/territories).

SHORT COURSES OFFERED

Courses have two distinct phases, a training phase and an assessment phase. DATS has an extensive range of training programs accredited by ASQA.
