

Conduct Lifting Operations

QUEENSLAND

Unit: RIIHAN203D - Conduct lifting operations
Price: Price on application
Duration: 1 day
Location: Our venue, or your worksite for groups (please ask for a quote)
Pre-requisites: Unique Student Identifier.

It is recommended that the student has adequate health and fitness to carry out tasks safely, and adequate literacy and numeracy to complete the Assessment.

This unit covers the conduct of lifting operations in the resources and infrastructure industries. It includes planning for lifting, preparing for lifting and moving loads. Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and industry sectors. Relevant information must be sourced prior to application of the unit. Through the combination of theory and practical training, this course provides participants with the necessary knowledge and skills required to safely attend to lifting operations.

Course Delivery

A learner guide and review questions will be provided to the student prior to course commencement. To fulfil the training requirements for this course, the student must read through this, complete the review questions and bring both with them on the day.

The course consists of face-to-face theory, mathematical and practical training.

Assessment is conducted through a combination of practical demonstration and verbal or written questioning, including mathematics.

Dickens Assessment and Training Services (DATS) is a privately owned Registered Training Organisation (RTO), providing quality training and assessments for individual students, industry and the vocational education and training (VET) sector. DATS was established in 2007.

We specialise in onsite and site-specific training and assessments and cover Verification of Competency in all courses offered. Our services cover all areas of Queensland and NSW. DATS also has training facilities at Eagle Farm (QLD), Willawong (QLD), Coffs Harbour (NSW) and Macquarie Park (Sydney, NSW). DATS has access to plant & equipment to support the training programs.

The successful completion of one of our accredited training courses will provide your staff with a nationally recognised statement that has equal worth in all states and territories (individual licensing authorities set different requirements for their own states/territories).

SHORT COURSES OFFERED

Courses have two distinct phases, a training phase and an assessment phase. DATS has an extensive range of training programs accredited by ASQA.
